CELEBRATING 250 YEARS OF AMERICAN SPIRIT

In 2026, the United States marks a historic milestone of 250 years of independence.

Freedom250 represents the spirit of that celebration, honoring our nation's founding principles while empowering communities, organizations, and event partners to commemorate the Semiquincentennial in ways that are bold, visible, and uniquely their own.

AMI Graphics proudly supports Freedom250 initiatives by providing comprehensive signage solutions designed to transform streetscapes, campuses, venues, downtown districts, and event environments into immersive, patriotic displays.

Rather than a limited collection, Freedom250 opens access to the full capabilities of AMI Graphics, delivering scalable, customized signage programs built around your event vision.

Whether supporting parades, civic ceremonies, tourism campaigns, sports tournaments, municipal beautification projects, government facilities, franchise activations, or year-long commemorative programming, Freedom250 signage programs are built to be durable, cohesive, and impactful.

We're honored to partner with communities and organizations nationwide to help bring Freedom250 celebrations to life with quality, American-made signage solutions that reflect the significance of this moment.

CELEBRATE THE SEMIQUINCENTENNIAL YOUR WAY

Freedom250 is designed for flexibility.

AMI Graphics works directly with municipalities, campuses, franchise systems, event organizers, corporate sponsors, and destination partners to develop customized signage programs tailored to the scale and scope of each Freedom250 initiative.

From downtown pole banner programs and venue windscreens to stage backdrops, branded environments, large-format building wraps, and sponsor recognition signage, our team can develop a cohesive visual plan that aligns with your event goals and brand identity.

Because Freedom250 initiatives often vary by state, region, and event type, our approach is consultative, ensuring your signage strategy reflects your community's story while delivering production excellence at scale.
